

# Salem County Special Needs Registry

## WHAT IS IT?

The Salem County Special Needs Registry is a voluntary service open to anyone who lives in Salem County that is affected in some way by a physical, mental, or developmental disability.

Once an individual is registered under the Special Needs Registry, the registrant's information is shared with Salem County dispatch. If an emergency arises, dispatch will then notify emergency responders to better assist in their response.

## WHO SHOULD REGISTER?

Anyone Who Lives in Salem County That Has a Physical, Mental or Developmental Disability
